U. S. C. OF C. SEES GOOD BUSINESS

Predicts Lively Trade Despite
Disturbing Factors

SOME 'CLOUDS ON HORIZON'

Handicaps to Farmers Pointed
Out in Report

WASHINGTON — (By Associated Press.) — Good business for the rest of this year, despite disturbing factors in the commercial, industrial and agricultural outlook, is predicted in a report made public Saturday by the committee on statistics and standards of the Chamber of Commerce of the United States.

The report, which deals with conditions as observed this month, describes buying as of liberal volume, but on a sane and sober basis of needs as contrasted to the speculative purchasing of previous months.

"The committee says 'that a cloud has appeared on the automobile horizon,' which it adds, seems to pre-
sage very definitely lessened production in the near future and prob-
ably 'different and more economi-
cal methods of distribution.'"

Despite good crops, the committee declares the farmer's horizon is not without its cloud, describing the car shortage evil as far-reaching with the result that the elevators are full of grain and unable to get cars.

WHEAT TIED UP

"Farmers with their wheat march up the hill, like the king of France, to the next railroad town," the committee asserts, "and then march down again, because there is no place for their wheat. So they store it the best they can on the farm, and often no place to put it. When they have to meet obligations they sell their wheat for what they can get for it, and a constant low market prevails."

Building construction, the committee reports, "has practically come to a standstill because of being tied up and foot by the unreliability and uncertainty of labor, high prices, scarcity of materials and the almost impossibility of financing any construction."

WOMEN JOURNEY THRU WILDS

Two Take Trip, Unescorted, In-
to Canadian Wilderness

WINNIPEG, Man. — Miss Alice E. Wilson, of Ottawa, a sister of Dr. Norman R. Wilson, of the University of Manitoba, and the first woman scientist ever sent out by the geological department of the Canadian Government, has returned from a 200-mile trip by boat on Lake Winnipeg on a successful fossil-collecting expedition. She was accompanied by Miss Ruth Anderson, a school teacher, graduated last year from the Royal Victoria College, Montreal.

Without a guide or male attendant, the young woman set out on their adventurous voyage from Berens River and spent two months exploring the east shores of the lake. They were equipped with a tent, camp outfit, provisions, geological tools, rifles, revolvers and fishing tackle. They made camp wherever night overtook them on their lonely wanderings and depended largely upon the fish they caught and the game they shot for their food supply.

The east shore of Lake Winnipeg is a wilderness which few white men have penetrated. It has been for two centuries and a half one of the richest trapping grounds of the Hudson's Bay Company, which, despite the fact that it is closing out its fur trade to settlers, still maintains its old fur post strongholds in the northern wilds. The trappers who ply their trade in these forests dispose of their furs at Norway House, a historic post that was once the capital of George Simpson, famous in the annals of the company as "the emperor governor."

GERMAN SAILORS CAN'T LAND AT SAVANNAH

SAVANNAH, Ga. — It is a well-established fact here that the war is not yet over, since members of the crew of the Danish steamer Chassie Macrisk, who are all Germans, are not allowed to land in Savannah because there still exists a state of war between this country and Germany. There is only a city law of 12 standing non-belligerent sailors sleeping on board vessels between certain Spring and Fall dates, and the crew of the Chassie Macrisk are caught between the international law and the city law. They are not technically allowed to "land" as other sailors are permitted to do, but to keep the city law are permitted to come on shore at night under guard, remaining unguarded all night at a place provided for all sailors in port. The sailors do not take kindly to the enforced restrictions upon them.

ABDUCTED DANSEY BOY 'LOCATED'

Woman Says Jersey Child is
At Tulsa, Okla.

COLUMBUS, (By Associated Press.) — Mrs. Nettie N. Griffin, East Liverpool, Ohio, who Friday night told police that Billy Dansey, kidnapped from his Hammononton, N. J., home last October 8, was in Tulsa, Okla., with her aunt, Mrs. Nettie Radcliffe, Saturday was held for East Liverpool police on a charge of deserting her three children there.

Word from Tulsa early Saturday was that Mrs. Radcliffe was unknown there, but that police were investigating.

Mrs. Griffin, arrested with Denver Harkless, also of East Liverpool, at request of her husband, John Griffin, made her statement on the boy's alleged whereabouts after her husband had indicated to police that she knew something of the case.

Mrs. Dansey, she said, is not the boy's real mother and Mrs. Radcliffe had taken him some time before he was reported missing. Mrs. Radcliffe had brought Billy first to East Liverpool and then to Columbus, going from here to Tulsa, she said.

FAMINE IS FACED

Italy Near Brink in Clash Over
Labor Question

ROME. (By United Press.) — The economic situation in Italy, which has reached a crisis in the wake of the country rapidly to the brink of a famine, in the opinion of the Italian press.

The present confused and uncertain conditions are seriously damaging both production and foreign credit, according to the Italian press. This in turn, is threatening an open revolution, because the latter either succeeds or is crushed quickly, bringing restoration of public order, while a famine entails greater loss of life and requires more time for recovery.

The anarchistic element, altho only a comparatively small portion of the laboring class, continues its opposition to execution of the proposed compromise between the manufacturers and metal workers whereby the latter were to receive a voice in management in return for evacuation of the factories they have seized.

SIXTH MILITIA COMPANY IS ORDERED TO STRIKE DUTY IN COAL FIELDS

MONTGOMERY, Ala. — The sixth company of the state militia to be sent into the Alabama coal fields was expected to arrive Saturday in Walker and Jefferson counties.

Selling for strike duty. State officials declared no new emergency has arisen for ordering out additional troops, but explained the reinforcements were sent as a precaution against possible trouble.

COX EMPHASIZES 'CONSPIRACY'

Repeats Charge of Attempts to
Suppress Democratic Publicity

SPEAKS AT COLORADO POINTS

Is in Wyoming Tonight, Enters
Nebraska Monday

GREELEY, Colo. — (By Associated Press.) — A rear-platform address here Saturday morning concluded the Colorado campaign of Governor Cox and the remainder of Saturday was to be spent by the Democratic presidential candidate in Wyoming, with speeches late Saturday afternoon at Laramie and Saturday night at Cheyenne.

The league of nations, its material as well as altruistic interests, progressivism and agricultural topics were Governor Cox's principal themes here for his hurried railroad station address en route from Denver, where Friday night he expanded on charges of a "conspiracy" by Chairman Hays of the Republican national committee to suppress newspaper publicity of the Democratic campaign.

The governor will remain over Sunday in Cheyenne before starting the last week of his western trip through Nebraska on Monday, with campaigns in South Dakota, Kansas and Missouri to follow by return to Dayton a week from Sunday.

LEGION MEMBERS ARRIVING

Hundreds Reach Cleveland For
Convention Monday

CLEVELAND. — (By Associated Press.) — The report of Robert H. Tyndall, national treasurer of the American Legion, was the most important business before the executive committee which met here Saturday. The report will be submitted to the second annual convention of the legion, which opens Monday and will continue thru Wednesday.

It is expected the report will show that the Legion has emerged from its financial difficulties and now has substantial surplus funds with which to carry on all forms of Legion work.

Several hundred of the 2,500 delegates to the convention have arrived. They regarded with resentment or amusement, the charges of Joseph L. Jefferson, before the senate campaign investigating committee Friday, that the American Legion work by publication is controlled by the Republican national committee.

Comment turned mainly on whether the publication of the charges would influence the convention in its interpretation of the clause in the constitution prohibiting political activities on a partisan basis.

The Field Artillery Reserve Association met Saturday morning. The organization embraces all reserve officers. The association banquet will be held Saturday night.

RUSSIANS ACCEPT

Reds Astonish Poles at Agreeing
to Peace Terms

RIGA. — (By Associated Press.) — Rumor of Polish-Bolshevik hostilities on a large scale was believed imminent here Saturday after receipt of advices that the reds are concentrating a big force of Siberian troops near Grodno. The objective was said to be an offensive directed at Brest-Litovsk.

Word of this new menace was received here just after the Bolshevik peace commissioners had suddenly reversed their previous attitude and agreed to accept Poland's terms, much to the astonishment of the Polish delegates.

The Bolshevik commissioners refused to credit the report of a Siberian army being organized for a new effort and said it was a false rumor circulated in an effort to create bad feeling and so prevent negotiation of a peace pact.

The Polish representative withdrew the terms they had offered at Minsk and accepted virtually all the Polish demands. They included in their demands for disarmament for Poland and also abandonment of their demands for establishment of an east Galicia frontier. The Bolshevik asked for immediate amnisty and allowed Poland ten days in which to accept their new proposition.

TRAIN IS ROBBED NEAR CHICAGO

Illinois Central Flyer Held Up
By Masked Bandits

\$10,000 TO \$80,000 TAKEN

Mail Cars Looted as Slowdown is Forced by Gang

CHICAGO. — (By United Press.) — Masked bandits early Saturday robbed mail cars of an Illinois Central flyer as the train approached Chicago, and escaped with the contents of six registered mail sacks.

The loot was variously estimated between \$10,000 and \$80,000. A check-up was being made to determine the exact amount.

The same train was robbed six months ago by Leroy Walton, who was killed in a revolver battle with police who tracked him to a fashionable apartment building. He obtained \$85,000.

The bandits forced the train to slow down on a block signal at Tucker, Ill. They hid between two mail cars. When a mail clerk started to walk from one car to the other, the masked men sprang out, forced him back into the first car. Five clerks were bound hand and foot. They were forced to lay helpless on the floor of the car, while the two robbers investigated the sacks.

Near the outskirts of Chicago, the train was forced to slow down and the men leaped off. Police were notified shortly afterward and rifle squads were scattered thru the district.

Two clerks in the hold-up were on the train looted by Walton. They believed the bandits belonged to the same gang.

Three of the registered mail sacks stolen were from Memphis, one from New Orleans, one from St. Louis and one from Chicago, Ill. "Some times these sacks contain as much as \$200,000, but we don't know what was in them this time," officials said.

EUNION AND CAMP FIRE OF 54TH

Companies D and G of Famous
Regiment to Meet Here

"It was on the march to the sea that Bill and I." Once more the old Civil War stories will be told, the old songs sung and various incidents, ripened with age, will be related when companies D and G, of the 54th O. V. I. hold their 32nd annual reunion at Memorial Hall next Tuesday.

A big dinner, speeches, songs and an old-time campfire will be features of the event. This reunion is expected to be the best ever held by the companies. All the members will bring their families and all old comrades and friends have been invited to attend the reunion.

G. C. Bowen is president of the organization and John Klatts secretary.

Companies D and G established a wonderful record during the civil war. They left Camp Dennison in August, 1861, 899 strong, the majority of them being made of about 15 years. Thru four years of war in Sherman's division, participating in over twenty-five important engagements they met with such a loss of life that when mustered out at Little Rock, Ark., in 1865, only 300 answered to the final roll call. History shows us that the 54th fought in more severe battles than the majority of the other Ohio regiments.

The important battles they took part in are: Shiloh, Corinth, Chickasaw, Bayou, Arkansas Post, Siege of Vicksburg, Marietta, Ga., Siege of Atlanta, March to the Sea, Stone Mountain, Birch Shanty, and many others.

FINE ENTHUSIASM AT C. C. RALLY

Congressman Reed Instills En-
thusiasm in City Boosters

Five hundred Lima citizens who attended the opening rally of the chamber of commerce Friday night went away fortified with a spirit of civic pride destined to carry the membership campaign "over the top."

Congressman Daniel A. Reed, at all times eloquent, held his audience spellbound while he enumerated example after example of cities which have put themselves on the map after waking up to civic pride as the secret of success.

"No town can progress and be great, unless there is an esprit de corps, a city spirit," the congressman declared. He cited the return of Chicago's citizens after the great fire, San Francisco residents after the earthquake, and the inhabitants of Dayton after the flood as examples of the civic pride necessary for the success of a city.

"Young men like to live in a live community," Reed continued, "and stay and keep them long if you have a dead town." He stated that quotations have been circulated among the school children which will determine what Lima is doing to keep her young people in the city. He declared in some cities 90 per cent of the children stated they wanted to leave their city as soon as possible, while in others which had developed a city pride, 95 per cent wished to spend their lives in their home town.

Chairman Glenn C. Webb made a short talk in which he requested the support of every citizen present in the chamber of commerce membership drive, which commences actively on Monday. The first report of team captains will be heard at a luncheon at the Lima hotel at noon Monday.

Fred Calvert acted as song leader, putting the assemblage in good humor by singing songs popularized during the war.

Ladies of Trinity M. E. church served the dinner.

MAYOR IS WARNED

Kentuckian Told to Stay Away
From Court House

CINCINNATI. (By United Press.) — Joseph Herrmann, mayor of Newport, Ky., made public Saturday an anonymous letter, warning him to stay away from the Campbell-Coe court house Saturday.

The letter reads: "Just a warning that you should stay away from the court house on Saturday, September 25, or bid your friends goodbye."

The letter, signed "A Friend," was mailed in Cincinnati. Police are investigating.

POSSIBLE WAR DISCUSSED

Commission Proposal Brings Out
Theme for Talk

TOKIO. — (By Associated Press.) — Suggestions that a joint high commission be appointed to find a solution of the California problem appear to be favored in responsible circles here. Viscount Kentaro Kaneko, privy councillor; Viscount Eiji Shibusawa, chairman of the Tokio Bankers' Association, and Premier Hara have been conferring frequently and the impression has been gained that the proposition for a joint commission was the outgrowth of meetings of prominent Americans and Japanese in this city last spring.

Details of the plan are as yet nebulous, but the Asahi Shimbun of Asaka says the underlying idea is for President Wilson to name a commission, including the secretary of state, some senators and representatives and also well qualified Japanese like Viscount Takaki Kato, former Japanese ambassador to Great Britain. Succeeding steps, the newspaper says, would be Japanese insistence upon treaty rights and then an appeal to the supreme court of the United States, asking that operation of California statutes be suspended.

C. S. CRITICIZED
The newspaper believes the Japanese public is generally pessimistic over present negotiations—in Washington, and has a tendency to criticize the subject for adopting what is declared to be a "lukewarm, makeshift policy."

Unnamed peers are quoted by the newspaper Chuo-Shimbun, of this city as counselling the government to exercise the greatest patience in dealing with America, as they are "positive any other attitude would be suicidal." They point out that she resorted to arms, Japan's first step would necessarily be the withdrawal of all Japanese in America, which they assert "would greatly please Americans."

Suspension of commercial intercourse would have the most dire consequences to Japan, they declare, and if Japan should succeed in landing troops on American soil the Americans would not suffer as much as the Japanese.

WOULD SEAL JAP FATE
They point out that if Japan on the contrary suffer defeat, her fate would be sealed, and therefore it would be the wisest to await a favorable turn in the situation, placing full confidence in the character and principles of the American people. A series of articles written by General Kojima Sato, in which he discusses the military possibilities if Japan should go to war with America are being given wide publicity.

Newspapers print long reports about the anti-Japanese movement in America and also publish contributions from both notable and unknown Japanese, in which attention is called to the seriousness of the situation, which even a conservative leader like Viscount Shibusawa is quoted as characterizing as "more or less strained." Those reports have the effect of influencing and exciting the masses of the people, and of open discussion of the question of war does not tend toward calming the situation.

M'SWINEY BETTER

More Refreshed But Very Weak,
Says Bulletin

LONDON. — (By Associated Press.) — Terence MacSwiney, lord mayor of Cork, passed a better night at Brixton prison Friday night, and, consequently was more refreshed Saturday morning, said a bulletin issued by the Irish Self-Determination League. MacSwiney had a few hours of sleep, but was said to be in a state of extreme weakness, and able to whisper only a couple of words to relatives who visited him.

The severity of the pains in his head, from which he suffered Friday, was decreased, it was said.

"Babe's" 50th homerun failed to win for the Yankees and they lost the first of a twin-bill to the Senators, 3 to 1, but "Babe's" 51st clout for four bases in the second game, gave the Yankees that game 2 to 1.

Duster Mails, the Indians' left-handed recent pitcher, evened up the series with the White Sox by holding them to three hits and winning 2 to 0.

Euzmann's triple with the bases crowded in the fourth inning netted the Phillies enough runs to win from the Braves 8 to 2.

Perkins and Dugan came thru with doubles in the ninth and gave the Athletics the winning run and they won 10 to 9 from the Red Sox.

The Tigers took a shufest from the Browns 14 to 8, despite two home runs by Jacobson, Browns center fielder.

The Pirates chased eight runs across in the second inning of their game with the Cardinals and won 12 to 7.

SUPERBAS AND GIANTS OPEN BIG SERIES

NEW YORK—The Brooklyn and New York baseball teams, after a two day's rest, met at Ebbets field in the first of their five game series which will definitely decide the winner of the National League pennant.

Brooklyn enters the series with a lead of five games over the Giants and in order for Manager Robinson's team to win the flag it will be necessary for them to take two games from McGraw's club, if the Superbas win only one game from the Giants they would still have a chance of winning the pennant by defeating Boston in the final game of the season on October 3.

SERIES CONTENDERS MAY BE DECIDED IN FEW DAYS

BY L. R. BLANCHARD.

A TWO-RING circus was on tap for fandom Saturday. Out in Cleveland, the Indians and White Sox were winding up their three-game series, which has an important bearing on the American League championship.

In Brooklyn, the Giants were starting a series with the Dodgers which is expected to decide the National League pennant.

When Walter Mails, the Brooklyn outcast, held the White Sox to three hits Friday, the Indians winning 2 to 0, he evened up the series to date and put his club out of being overtaken by Gleason's club Saturday. The best Chicago could do by taking the third game would be to advance to within half a game of the leaders.

Chicago plays in Detroit Sunday, while Cleveland jumps to St. Louis. The Dodgers have only to win two games with the Giants, or any two in the schedule thereafter, to cinch the pennant. They were leading New York by five full games before Saturday's contest.

JURY GETS NAMES OF SERIES "FIXERS"

CHICAGO.—Names of alleged "fixers" of world series games between Chicago and Cincinnati in 1919, have been obtained, H. H. Brigham, foreman of the Cook-count grand jury investigating baseball scandals intimated.

"We have an idea who the 'fixer' was and we think we are on his track," Brigham said. Arnold Rothstein, New York gambler and part owner of the Havre De Grace race track; Abe Attell, former featherweight champion; Bill Burns, former White Sox pitcher and Hal Chase, recently banished from baseball were mentioned Saturday in connection with the alleged plot to throw games.

The betting syndicate feared to pay \$100,000, according to reports here of the plot. Beta on the games were placed thruout the country by the syndicate, it was said.

Charles A. Comiskey, owner of the White Sox, referring to reported world series plots, said Saturday he would "fire" any member of the team if found guilty of crookedness by the grand jury, even if it meant wrecking his pennant chances. Comiskey declared he would close his park unless honest baseball players could be secured.

A number of players; John Heydler, president of the National League; Ben Johnson, president of the American League; Comiskey, baseball writers, and a number of alleged gamblers from many cities subpoenaed to appear Tuesday, the grand jury expected to gather "boose strings of the investigation and prepare for indictments.

Grand jury officials said Saturday indictments had been assured by evidence already obtained.

FAST SOUTH TEAM SCORES WIN IN OPENER

SLIPPING one over on the expectant crowd of gridiron enthusiasts, Coach, Emmet Jackson of the South High School football squad sent his team into action against Delphos High School Friday afternoon at the College grounds in the first football game of the season and defeated the canal town gang by—not by the use of the trick plays that are known to be the long suit of the south enders, but by fast snappy action that swept the Delphosites off their feet.

When the whistle blew at the end of the fourth quarter, the score gave the Lima lads the victory 23 to 0. Wonderful defensive tactics used by Jackson's proteges held the heavy Delphos team to a shutout. They were unable to make a single first down.

Forward passing, perfected during the short period of practice in which the south enders found time to indulge before the opening of the season netted them their longest and most frequent gains. End runs in which Quillan, captain of the South team and one of the half backs, was a feature, gave plenty of evidence of the speed of the South Side.

And to show their versatility, Goodrich, the other half back for the South team scored a beautiful field goal from the twenty-nine yard line. His drop kick was perfect.

A forward pass completed by Smith, end, brought South's first touchdown, and a 25-yard end run by Goodrich, half back, brought the last one. The second was scored on a line smash thru a guard, with one yard to make.

Delphos' beefy outfit failed to daunt the lighter Lima team. South's superior speed and ability at blocking is what made the score result as it did. Trick plays on the part of Coach Jackson's proteges were unnecessary.

Burgess on defense was a shining light for Lima.

COVELESKIE WILL HURL TODAY

CLEVELAND — Stanley Coveleskie will probably try his hand at taming the wild, blood-thirsty White Sox Saturday when Gleason's men meet the Indians for the last game of the "little world series."

Coveleskie will have Walter Mails great pitching performance of Friday to inspire him. The Pacific coast league recruit, took the ramp out of the rampart Sox holding them to three hits and no runs, while the Indians scored twice. Mails did a wonderful bit of pitching in the fifth. He fanned the first man up and then walked the next three, filling the bases. Then he settled down and struck out Weaver and Eddie Collins.

Williams or Cletche will face the Indians Saturday. It was held probably that the latter will pitch. The sky was hazy Saturday morning, but the sun was shining and the weather forecaster promised clear weather for the afternoon. Unless there is a change in the program to permit the Indians to make an early train for St. Louis, the game will start at 3 o'clock.

VETERANS OF GRID STILL COACHING

Outing the vets in football is delicate matter. Time may beckon here but they pay no particular attention.

Here's another season with Yost still at Michigan; Stagg at Chicago, Warner at Pittsburgh, Sanford at Rutgers. And after twenty-nine seasons a new career at Penn.

Yost, Stagg, Heisman, Warner and Sanford have all been coaching for over twenty years with no intention of stopping at any early date. There is a lure in developing or in trying to develop a football machine that nothing else can match in sport.

Maybe because football happens to be the nearest substitute to peace can offer for war. Heisman left the Red and Blue stronghold in 1891 and since that date he has been a wanderer thru the west and south with a long string of championship eleven in his wake. If Penn slips again this season the fault will hardly be with the coach who has made a success of his profession for twenty-nine years.

SISLER IS LEADING HITTER

CHICAGO.—As the major league clubs swing into the final two weeks of the pennant race, George Sisler, star first baseman with St. Louis, seems certain of carrying off the 1920 batting championship of the American league.

Sisler, according to figures compiled today, is showing the way with an average of .405, with Tris Speaker of Cleveland six points behind him. Jack Gelsinger of Chicago is in third place with .351 and Eddie Collins, captain of the Chicago club, fourth with .371. The averages include games of Wednesday.

"Babe" Ruth, the home run monarch, who gathered his 51st home run Friday, failed to climb to fifth place in the list of leaders with an average of .347, although he made only one hit in six games.

Rice of Washington is in no danger of being deposed as the leading base stealer. He has fifty-five thefts to his credit, while Sisler is next in line with thirty-seven.

Other leading hitters: Jacobson, St. Louis, .338; Rice, Washington, .341; Judge, Washington, .340; Taylor, St. Louis, .335; Weaver, Chicago, .337; Felsch, Chicago, .334; Meusel, New York, .333; Cobb, Detroit, .327.

The scramble for the batting championship of the National League has developed into a tight race between Roger Hornsby of St. Louis and Nicholson of Pittsburgh with Hornsby topping the league with .365. Nicholson, who led the race a week ago, is a point behind the St. Louis slugger. Young of New York is third with .352 and Roush of Cincinnati, fourth with .340.

For Williams of Philadelphia, the leading home run hitter of the league, connected with another four base drive, bringing his total up to fifteen. In base stealing Max Carey of Pittsburgh continues to show the way with a total of forty-eight. Other leading hitters:

J. Smith, St. Louis, .324; Wheat, Brooklyn, .325; Williams, Philadelphia, .319; Scott, St. Louis, .316; Hollneger, Chicago, .306; Konechko, Brooklyn, .313; Fournier, .309; (St. Louis).

Wilbur Good of Kansas City batted his way to second place in the race for the American Association championship as a result of crashing out fourteen hits in his last seven games. He has an average of .337, while Hartley of Columbus continues to top the league with .351. The averages include games of Wednesday.

Bunny Brief of Kansas City and Hargrave of the championship St. Paul club are again tied for honors in home run hitting, each having twenty-two. In base stealing, Rapp of St. Paul went into a tie with Dreesen, his teammate, each having 46 thefts to his credit.

Other leading hitters: Rondeau, Minneapolis, .333; Hargrave, St. Paul, .331; Tincup, Louisville, .331; Rapp, St. Paul, .327; Wickland, Toledo, .327; Kirke, Louisville, .326; Miller, St. Paul, .322; Brief, Kansas City, .316.

FOOTBALL ELEVEN IN EAST-WEST SWING INTO ACTION

MID-WESTERN football players inaugurate the 1920 season Saturday in four games, the most important of which, as regards the Big Ten Conference race, will be the contest between Indiana, the only Western Conference team to get into action, and Franklin College at Bloomington, Indiana. The "Big Ten" season will open a week later.

Other games in the mid-west follow:
Michigan Aggies and Kalamazoo College at East Lansing, Mich.; Case and Hiram at Cleveland and Drake and Penn College at Des Moines. With the Indiana-Iowa game only a week away, the contest at Bloomington is being watched with interest thruout the western conference. The Indiana eleven is made up of veteran players, most of whom participated in the defeat of Syracuse last season in one of the season's startling upsets.

Coach Stehm announced that he did not expect an easy victory, despite two weeks' preparation, adding that he would take no chances of injury to star players with the teams first conference contest a week distant.

Valparaiso University, which defeated Carroll College yesterday by a score of 51 to 0, is to meet Harvard October 9.

EAST GETS ACTION
Nine big eastern teams kicked off in the 1920 football season Saturday. The games were scheduled as follows:

Harvard vs. Holy Cross; Pennsylvania vs. Delaware; Brown vs. Rhode Island; Syracuse vs. Hobart; Washington and Jefferson vs. Bethany; Penn State vs. Muhlenberg; West Virginia vs. West Virginia Western; Rutgers vs. Ursinus; Lehigh vs. Lebanon Valley.

None of the major eleven were expected to receive more than a workout, altho last year's upsets had taught the coaches to respect even the supposedly weakest ones.

Harvard's curtain raiser was with Bates last year and Holy Cross was not on the Crimson schedule. Pennsylvania trimmed Delaware 38 to 0 last year; Brown romped over Rhode Island 27 to 0; Syracuse did not play Hobart; Bethany was not on Washington and Jefferson's schedule; Penn State, West Virginia and Lehigh were meeting now opponents, and Rutgers defeated Ursinus 31 to 0.

WAIT A WEEK.
Princeton and Yale, the other members of the "big three" will open their season next Saturday, when they take on Swarthmore and Carnegie Tech, respectively.

Other eastern teams which start their schedule next week, are Army, Navy, Columbia, Cornell, Dartmouth, Colgate and Pittsburg.

OHIO GAMES
COLTARUS, Ohio — Football games scheduled for Ohio today are:

Otterbein at Ohio Wesleyan; Case at Hiram; Duquesne at Marietta; Indiana at Kenyon; Toledo at Resaca; Wooster at Baldwin-Wallace.

"NOTHER LIQUOR CHARGE"
John Sullivan, 41, 617 E. McKibben-st, was arrested by police at 8 o'clock Friday night on a charge of selling intoxicating liquor. Hearing is set for late Saturday. Sullivan was arrested by Captain Dawson, Plainclothesmen Greenberg and Patrolman Landfair at his soft drink establishment located at Jackson and Pierces-sts.

CONFIDENCE
Confidence in The Allen County Savings and Loan Company is evidenced by the two and one quarter millions of dollars deposited with them on interest.

This sum is the accumulation of several thousand depositors and consists mostly of small amounts ranging from a few dollars to several hundred dollars each.

There is no other way by which a person can invest a few dollars at a time with such good returns safely considered. One may deposit any amount from one dollar up, at any time, and is not obligated to pay a stated sum at regular intervals.

However, it is a wise plan for the depositor to fix in his mind a certain minimum amount to save, then increase it as much as possible. For example, when extra money comes into his possession like back pay or increased salary, he can say, "I got along without this before, now I'll save it and get five per cent interest." Savings Building, Corner Market and Elizabeth Streets.

Other leading hitters: Rondeau, Minneapolis, .333; Hargrave, St. Paul, .331; Tincup, Louisville, .331; Rapp, St. Paul, .327; Wickland, Toledo, .327; Kirke, Louisville, .326; Miller, St. Paul, .322; Brief, Kansas City, .316.

New York Restaurant Newly Remodeled

NORTH MAIN STREET DINING PLACE HAS BEEN ENLARGED
TO CARE FOR PATRONS

Another of Lima's restaurants has been remodeled and now has
the appearance of a brand new eating establishment. The New York
Restaurant has been enlarged to accommodate a greater number of
guests. Also a new arrangement of tables allows a larger capacity.

The front has been replaced with white tile which lends to it a
clean look which is bound to sharpen your appetite even before you
enter the restaurant.

George Phillips, proprietor has conducted a successful business
in this place for a number of years. No better place in Lima could
be found where your appetite may be appeased with clean wholesome
food and courteous service by the employees.

The Nutritional Value of the Banana

A report extremely favorable to
the food value of the banana is made
by Drs. Victor C. Myers and Anton
R. Rose in The Journal of the
American Medical Association (Chi-
cago, April 7). In its capacity to
furnish energy the banana is com-
parable to the potato, while its sta-
tus as a fruit gives it the valuable
"accessory food substances" to which
so much importance is now attach-
ed. As a special diet in certain dis-
eases, especially those of the kid-
neys, the authors believe that this
fruit will prove of great benefit to
mankind. The only trouble is that
the banana as we know it is gener-
ally unripe. When it is ripe we
usually throw it away as decayed.
Tropical bananas are indigestible, the
authors of this report tell us, and
we shall have to learn how to dis-
tinguish the ripe from the unripe
before we shall be able to enjoy all
the promised advantage of this fruit
as a diet. We read:

"It is well to bear in mind in the
case of the banana that its caloric
value is very high—in fact, higher
than that of any other common
fruit in its natural state. Further-
more, bananas may be readily ob-
tained at any time of the year, and
at a cost per calorie about half that
of other fruits. The condition in
which fruits are sold in many of
our great cities is certainly far from
sanitary, but the peel of the banana
affords at least complete protec-
tion in this respect. The banana
has been called 'the poor man's
fruit,' and the facts mentioned
above would appear to justify this
appellation.
